Adding Library Printers with Windows 7

1. Click on the Start Menu
2. In the Search box type “Run”
3. Click on the program Run to start it
4. In the Open box type one of the following:

All B&W printers: `\iclada\blackandwhite`
Color printer: `\pss2\librarycolor`

5. Enter your NetID username & password
Username: MSU\a12b345
Password: *******

6. Check the Remember my credentials box

* For help with passwords go to password.montana.edu
7. When a pop-up box appears you're FINISHED!

You may close this box, and the library printer will now show up in your printer list.
